The models and equipment versions illustrated and described in this brochure and some of the services listed are not available in all countries. Some of the cars illustrated are equipped with optional features for which an extra charge is made. Details concerning the delivery specifications, appearance, performance, dimensions and weights, fuel consumption and running costs of the vehicle were correct to the best of our knowledge at the time of going to press. Deviations from the colours and shapes shown in the illustrations may occur. No liability is accepted for errors and printing errors. The right to introduce modifications is reserved. Not to be reproduced, including in part, without the written approval of AUDI AG.

This brochure is printed on paper made from pulp bleached without the use of chlorine.
Now is calling.

In a world full of possibilities, every day is an opportunity - seize it with the new Audi Q5.
Created for almost every landscape: the new Audi Q5.

Don’t leave anything to chance. Whether for comfort, style or dynamics, this premium SUV is convincing from the word go. Its appearance is so expressive, its drive so powerful, its technologies so pioneering. And your options so versatile. Day in, day out – with the new Audi Q5.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment. The fuel consumption and CO₂ emission figures can be found on page 52.
Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment. The fuel consumption and CO₂ emission figures can be found on page 52. Please note the special information relating to wheels on page 52.

The new Audi Q5

Every detail of the new Audi Q5 is characterised by the typical Q design and embodies dynamism and confidence. Like the striking bonnet or the gently sloping roof line, the exterior mirrors on the shoulders and the slim window line. The optional partly polished cast aluminium wheels in 5-segment-spoke-design¹ in contrasting grey are an expression of a high degree of sportiness. And leave a deep impression, even offroad.

Developed to move you.
Even when at a standstill.
Give light a whole new design: the Audi Matrix LED headlights.

The new Audi Q5 is a shining example. It impresses from afar with the optional Audi Matrix LED headlights. The LED daytime running lights are unmistakable. The dynamic indicators unmissable. And the camera, which recognises vehicles driving ahead or oncoming vehicles within system limits, is indispensable. The headlights adapt to the situation in seconds and on the move. Just as spectacular: the new sculpted radiator grille and powerful horizontal lines, which emphasise the width and strength of the Audi Q5. Even before you hear the engine.

Some equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment. The fuel consumption and CO₂ emission figures can be found on page 52.
Technology

One of the strengths of quattro lies in recognising the right moment.

Ready for almost every surface. And the challenges of the future. The quattro all-wheel drive system with ultra technology. For all engines, it impresses with quality, performance and efficiency. An intelligent operating strategy ensures that your Q5 is efficient, dynamic and safe – with the usual traction. If quattro is not required, it switches off, thus helping the driver to save fuel. The all-wheel drive remains permanently available of course. If the driving situation requires quattro, it is always ready. And impresses with a balanced distribution of forces in many road conditions.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment. The fuel consumption and CO₂ emission figures can be found on page 52.
Dampens almost everything. Except your enthusiasm.

The optional adaptive air suspension adapts the damping forces of each individual wheel to the driving situation. Depending on terrain, personal driving style and the Audi drive select mode chosen. Precisely and in milliseconds. The different height levels allow you to rise above almost any unevenness. The damper control also permanently compensates for additional weight. The body can be lowered by up to 55 mm for more convenient loading by pressing a button in the luggage compartment. What’s more, you can use Audi drive select to modify the vehicle’s character: to make it more efficient, comfortable or dynamic. But always thoroughly individual.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment. The fuel consumption and CO₂ emission figures can be found on page 52.
Does not skimp on power.
But helps save fuel.

The TFSI and TDI engines make the new Audi Q5 efficient and perceptibly powerful. The 4-cylinder engines impress with enhanced performance. In addition, the optional quattro all-wheel drive guarantees a better response during steering and acceleration. And the start-stop system – new to the Audi Q5 – brings more efficiency. The engine is switched off during coasting. This helps to reduce consumption without forfeiting performance.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment. The fuel consumption and CO₂ emission figures can be found on page 52.
The interior of the new Audi Q5 is geared towards the driver and offers plenty of room for customising thanks to the larger wheelbase. There is a free choice for many of the details, from high-grade materials such as fine Nappa leather through expressive colours to the lighting. An elegant atmosphere, with impressive acoustic glazing as standard and sport seats in the front with massage function as an option. Proving that the driver is always the number one priority.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment. The fuel consumption and CO₂ emission figures can be found on page 52.
Demonstrates greatness. In every detail.

The new Audi Q5 impresses with a longer wheelbase, a more generous amount of space and practical storage options. The standard luggage compartment roller cover and the optional luggage compartment mat allow you to adapt the luggage compartment exactly to your requirements. The remote backrest release allows the rear seat backrests to be folded and the luggage space to be more than doubled. The optional sensor-controlled luggage compartment release makes loading even easier. If your hands are full, open the tailgate by moving your foot. And store even heavy cases with ease.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.de or contact your Audi partner for more detailed information about standard and optional equipment. The fuel consumption and CO₂ emission figures can be found on page 52.

Interior
Some of the equipment listed is optional equipment for which an extra charge is made, please visit www.audi.com or contact your local Audi partner for more detailed information about standard and optional equipment. The fuel consumption and CO₂ emission figures can be found on page 52.

Enthusiasm is the most powerful driver. It is the only thing that creates the wish to go down new paths. Discover the new Audi Q5.
Leads the way.
And helps the driver see the signs.
Numerous assistance systems help to make every trip in the new Audi Q5 even more comfortable. The optional camera-based recognition of traffic signs have a hand in you keeping an eye on traffic signs. The adaptive cruise control feature with StopGo function helps to keep a safe distance, while the assistance system helps to keep an eye on traffic signs. On request, the adaptive cruise control feature with StopGo function helps to keep a safe distance, while the assistance system supports the driver in steering clear of a collision. The optional park assist makes parking easier and the exit warning detects and warns of potentially hazardous situations that may lead to a collision when the door is opened. Because with Audi, safety doesn’t even end when you get out of your Audi.

Some of the equipment listed is optional equipment. For an extra charge in some countries. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment. The fuel consumption and CO₂ emission figures can be found on page 52. Please note: The systems work only within system limits and can support the driver, however, the driver remains responsible for driving the vehicle safely and it required to be attention.
Easy to operate. Hard to miss.

The large, slim 8.3-inch colour display in the optional MMI navigation plus offer impressive clarity and a straightforward operating concept. So that you are well informed in no time at all. Whether navigation, radio, phone or Audi connect¹ – fewer buttons lead you to more functions. Quickly, intuitively and with MMI touch on request. Control everything via touchscreen or voice control. The optional Audi smartphone interface²,³ integrates selected mobile phone content into your Audi. And turns the screen into a smartphone display.

Some of the equipment listed is optional equipment for which an extra charge is made. Takes the driver everywhere. Even to new worlds of sound and light.

The optional Ambient lighting package makes the interior shine in a special light. The relays on the dashboard are illuminated. Match the color to your personal taste. Request, you can enjoy a concert hall atmosphere with the Bang & Olufsen Sound System. No fewer than 19 loudspeakers create an unmistakable 3D sound. And win thunderous applause from all passengers.
City, country, forest track, road, bend, motorway, weekend, family, holidays, beach - life holds so many possibilities. Experience them in the new Audi Q5.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment. The fuel consumption and CO₂ emission figures can be found on page 52.
More exceptional.

With Q5 design and Audi design selection.

In an Audi Q5, there is plenty of room for your ideas to unfold. With the Q5 design line, for example, you can integrate striking highlights that reflect your personality. Make your exceptional vehicle even more exceptional. This can be stylishly achieved with the Audi design selection, which offers an attractive range of special materials and colours for the interior. If required, combine selected inlays with the exquisite leather seats featuring attractive contrasting stitching.

Q5 design line
- including cast aluminium wheels in 5-spoke V design, contrasting grey, partly polished¹ – bottom bumper section and wheel arch trims in structure grey, matt – underbody protection and diffuser in selenite silver, matt – further distinguishing features on the interior

Audi design selection
- interior elements in artificial leather in rock grey with contrasting stitching in granite grey

¹ Please note the special information relating to wheels on page 52.
More sporty.

With Q5 sport and the S line sport package.

Show your sporty side with the Q5 sport equipment version – all along the line. With details that emphasise the temperaments of your Audi Q5 in impressive style. The S line sport package creates even more highlights and further sharpens the sporty character of the vehicle, particularly on the interior.

S line sport package
- cast aluminium wheels in the 5-twin-spoke star design (S design), partly polished¹

S line sport package
- including sport seats, front, with S embossing in the backrests – S line seat upholstery in frequency Alcantara/leather combination in black – S line sport leather steering wheel in 3-spoke design with multifunction plus incl. chrome application – inlays brushed matt brushed aluminium – pedals and footrest in stainless steel. Many additional highlights can be found at www.audi.com

Further equipment | Paint finishes

Powerful look.

When you choose a paint colour, choose one that best matches your own personality. Secure in the knowledge that the quality will be superb, because your vehicle is painted not just once, but four times. So not only do you look radiant in your Audi, the car is also protected from environmental influences and wear. Ensuring that the car maintains a powerful look throughout its entire lifetime.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment. The fuel consumption and CO₂ emission figures can be found on page 52.
Further equipment | Wheels

Powerful presence.

With Audi wheels, you can emphasise your individual style and the character of your Audi Q5. Why not indulge yourself and create a powerful presence with your favourite design. For peace of mind on the road: Audi wheels are subjected to special test procedures, undergo rigorous testing and are of high quality.

- 20˝ cast aluminium wheels in 5-arm offroad design, matt anthracite, partly polished¹
- 20˝ Audi Sport cast aluminium wheels in 10-Y-spoke design, partly polished²
- 19˝ cast aluminium wheels in 5-twin-spoke star design (S design), partly polished¹
- 19˝ cast aluminium wheels in 5-spoke V-design, contrasting grey, partly polished¹
- 18˝ cast aluminium wheels in 5-arm turbine design in magnesium look, gloss turned finish¹,²
- 19˝ cast aluminium wheels in 5-spoke dynamic design, partly polished¹
- 18˝ cast aluminium wheels in 5-twin-spoke dynamic design

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment. The fuel consumption and CO₂ emission figures can be found on page 52.

¹ Please note the special information relating to wheels on page 52.
² From quattro GmbH.
Further equipment | Seat upholstery

More sophisticated.

With cloth and leather upholstery and trim.

You have a special place in your Audi. Exclusive comfort can be felt on the front and rear seats: thanks to high-quality materials and first-class workmanship. No matter which seat upholstery you choose. You’re sitting in the right place.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment.

Sport seat, front, in fine Nappa leather, rotor grey, with diamond pattern in anthracite

Fine Nappa leather, rotor grey, with contrasting stitching and piping in granite grey (design selection)

Frequency Alcantara/leather combination, black, with contrasting stitching in rock grey

Fine Nappa leather, criollo brown, with contrasting stitching and piping in granite grey (design selection)
Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment.

More exclusive.

With the inlays.

Exclusive ambience is a question of style. Your style. A style you can refine right down to the last detail. Create tangible accents with high-quality Audi inlays. Experience the fascination of selected materials: fine woods, piano finish or aluminium trim – combine them to suit your own individual taste.

- Aluminium
- Reigning tan, silver
- Fine grain ash, natural grey-brown

With the inlays.
As individual as the life you lead.

Audi Genuine Accessories provides you with numerous ways of adding even more facets to your Audi Q5. With products that keep our quality promise day in, day out. Benefit from customised solutions that offer a winning combination of fascinating design and high functionality.

- Cast aluminium wheels – 5-arm falx design, Matt Black, high-gloss turned finish¹. In dimensions 8 J x 20. Also illustrated: exterior mirror covers in Carbon as well as ski and luggage box² (360 l) in gloss Brilliant Black with chrome-plated Audi rings.

- Range of child seats – various versions for children up to 36 kg (0 to 12 years).

- Cast aluminium winter wheels – 10-spoke vox design, gloss black. In dimensions 8 J x 20. Also available in Brilliant Silver.

- Safety harness for dogs – extremely durable, with special soft padding and available in different sizes. Also illustrated: rear protective cover with red contrasting stitching and Audi logo.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment. The fuel consumption and CO₂ emission figures can be found on page 52.¹ Aluminium wheels with a high-gloss turned finish, or polished or partly polished aluminium wheels, must not be used in the event of wintry road conditions. Due to the manufacturing process, the rim surfaces do not possess sufficient anti-corrosion protection and are at risk of long-term damage due to road salt or similar materials.² We recommend use on the vehicle either together with the carrier unit for the roof rails which is included as standard or can be purchased separately through Audi Genuine Accessories.

### Explanation of footnotes

1. The figures given were calculated using the specified measuring procedure (current version of UN-R 85).
2. Unladen vehicle weight includes driver (75 kg) and fuel tank 90 % full, calculated in accordance with the current version of Reg. (EU) 1230/2012. Optional equipment may increase the car's unladen weight and drag coefficient.
3. The engine's power output always decreases with increasing altitude. At 1,000 m above sea level, and for every additional 1,000 m, deduct 10 % from the weight of the outfit (trailer load limit + gross weight of the towing vehicle). Figure for trailer load limit applies for factory-fitted trailer towing hitch. If using the vehicle with a trailer towing hitch for commercial purposes, a digital tachograph may be required under certain conditions.
4. Fuel consumption and CO₂ emission figures given in ranges depend on the tyre/wheel sets used.
5. The figures given were calculated using the specified measuring procedure. The figures do not refer to an individual vehicle and do not form part of any offer, but rather should be used purely for purposes of comparison between the different vehicle models.
6. A vehicle's fuel consumption and CO₂ emissions do not just depend on how efficiently the vehicle uses the fuel, but are also influenced by driving behaviour and other technical factors. EU6 is the greenhouse gas primarily responsible for global warming.
7. We recommend using sulphur-free super unleaded RON 95 fuel complying with DIN EN 228. If this is not available, use unleaded RON 89 fuel complying with DIN EN 228. For vehicles with an SCR system, power output will still be reduced by 10 %. Fuel consumption details refer to operation with RON 95 fuel complying with 692/2008/EC.
8. Unleaded RON 95 fuel with a maximum ethanol content of 10 % (E10) can generally be used.
9. The table shows the range of fuel efficiency, wet grip and exterior noise emission classes for the different tyre sizes available for the Audi Q5.

It is not possible to order a specific tyre. Ask your Audi partner about the range of tyres available in your country.

### Important note

Please note the special information relating to wheels below.

### Special information about the wheels

All vehicles with glazed panoramic roof as well as polished or partly polished aluminium wheels must not be used in wintry road conditions. For manufacturing reasons, the rim surface does not have sufficient corrosion protection for such use and can be damaged permanently by road salt or similar.

### Equipment for the Audi Q5

- Available as base equipment or as optional equipment
- Not available on certain market-specific models
- Retrofit equipment available from the Audi partners
- Only available for selected engines
- Equipment for the Audi Q5 illustrated (p. 4–33)
The new Audi Q5
² Please contact your Audi partner or visit www.audi.com/bluetooth for information on compatible mobile phones.

Dimensions are for unladen vehicle weight. Luggage capacity:¹ 550/610/1,550 l (second value with optionally movable rear seat bench and bench moved as far forward as possible; third value with rear seat backrest folded down and loaded up to the parcel shelf). Turning circle approx. 11.7 m. * Maximum headroom. ** Elbow room width. *** Shoulder room width.
